Memo

TO: Members of the Dublin City Council
FROM: Marsha I. Grigsby, City Manager 
DATE: October 24, 2013
RE: Ordinance No. 81-13 – Franklin County Public Health 2014 Contract

Summary

Ordinance 81-13 authorizes the City Manager to enter into a contract with The District Advisory Council of the Franklin County General Health District for the provision of public health services and plumbing inspection services for 2014. Franklin County Public Health serves as the public health agency for the City, including the portions of the City in Delaware and Union Counties.

On August 13, 2013, the Franklin County Board of Health approved a per capita rate for the public health services it provides to participating jurisdictions. Based on MORPC's estimated population for Dublin of 42,038 and the FCBH's 2014 per capita rate of \$6.11, the City's cost for the 2014 contract is \$256,852.18. This per capita cost reflects a three percent increase over the 2013 per capita rate. In 2013, the per capita rate increase was 3%. There was no per capita rate increase in the years 2011 and 2012. This reflects an average of 1.5% increase per year over the last four-year period.

As Council is aware, the mosquito control and management program is handled under a separate, three-year (2014-2016) contract between Vector Disease Control Inc. and Franklin County Public Health. VDCI invoices the City of Dublin for the work completed under the contract. FCPH is responsible for the contract administration and monitors VDCI's performance and compliance with the terms, conditions and specifications to the contract. The estimated cost for the City of Dublin under the contract between FCPH and VDCI is \$39,714.50 per year.

Recommendation

Staff recommends that Council approve Ordinance 81-13 at the second reading/public hearing on November 4, 2013.
